## WHAT IS A DATABASE?

A database is like a digital library. You can find books, articles, encyclopedia entries, primary sources, photos, videos, and more on a variety of topics. *Gale In Context* databases connect you to the kind of reliable sources your teachers are always urging you to use. And because they're online, you can use them at school, at home, or anywhere you have internet access.

## HOW CAN DATABASES HELP YOU?

*Gale In Context* brings together the best resources all in one place. Get access to teacher-approved sources to use on your project or assignment—from global issues to science to world history.

The best part? *Gale In Context* has helpful features to make research easy. Translate articles into 40+ languages, including Spanish, and read them yourself or have your computer or device read them aloud.
