Questions:	Column 2: Google	Column 3: <i>Gale In Context: High School</i>
What do you notice about the types of sources you found? Are they varied?		
Are the search results from reliable sources? Why do you think so?		
Open a search result that you think will provide you with the best information. What do you notice about the content—is it easy to understand? Is it good quality?		
Is the platform you're searching on easy to use? Why or why not?		
Are there any tools in the platform that can help you in your research? Look for ways to take notes, cite sources, etc.
