TRAINING TOOLKIT
Mississippi Department of Education

Start your journey to success today with the **Gale Training Toolkit,** a comprehensive resource designed for Mississippi educators in collaboration with the Department of Education. Gain access to essential training materials, including step-by-step guides and instructional webinars, to seamlessly integrate Gale resources into your science teaching practices. Explore a wide range of educational materials and take advantage of **eLearning Modules**, where you can earn **Continuing Education Units (CEUs)**. Enhance your teaching strategies, expand your knowledge, and earn valuable credits with the Gale Training Toolkit.

THE BASICS Everything you need to know to get started

- Not sure how to access the resources? Visit Gale's Mississippi Department of Education support site to find your school's access. Select your institution from the drop box and share the product access links with your teachers and students. Prompted for a password? Use **mississippi** (case sensitive)
- Want to know what's available? Check out our resource overview!
- Questions? Reach out to Christine Schneider, Onboarding and Implementation Coordinator at Gale: christine.schneider@cengage.com.

GET CONNECTED Grow your knowledge of these resources

- These two recorded webinars provide a great introduction to the resources available to students and teachers.
- Getting to Know your Gale In Context Resources from the MS Department of Education
- Welcome to Gale! Getting Started with Gale Interactive Science Resources for MS Department of Ed
- Dig deeper into your teacher curation tool, *Gale In Context: For Educators* and discover the possibilities for use in your classroom.

EARN CEUs AND EXPLORE Dig into individual resources

- You can **earn contact hours for CEUs** by viewing these eLearning modules and answering a few simple questions for each session:
    - eLearning Module: Gale In Context: Environmental Studies for MDE
    - eLearning Module: Gale In Context: For Educators for MDE
    - eLearning Module: Gale In Context: Science for MDE
    - eLearning Module: Gale Interactive: Chemistry for MDE
    - eLearning Module: Gale Interactive: Human Anatomy for MDE
    - eLearning Module: Gale Interactive: Science for MDE

FIND HELP

- Visit Gale's MDE support site for product and technical support.
- Subscribe to the Gale Blog to stay current with product updates, library news, advancements in research, library insights and more!
- Questions? Reach out to Christine Schneider, Onboarding and Implementation Coordinator at Gale: christine.schneider@cengage.com.
